MEDICAL.

AMERICAN PEOPLE.

JUST PUBLISHED BY DR. STONE, Physician to the Troy Lung and Hygienic Institute, A Treatise on the Causes of Early Physical Decline of American People; the Cause of Nervous Debility, Consumption, and Marasmus. BY This work is of a high moral tone, written in charter yet thrilling language, and appeals directly to the noral consciousness of ALL, PARKYES and GUARIANS especially, detailing scientific and raliable aids and treatment for curo. BY PARENTS AND GRAMMANSI fell not to rend and bisin this book. FF Younn MEN! fall not to send and got this book. A Word of Bolomn Conscientions Advice

to those who will Exclect.

A class of malalles prevail to a fearful extent in concounity dooming at least loud on youth of both saxes an maily to am early grave. Those diseases are very im-Chartered by the Legislature of Ky.

and direct correspondence.

(W Patients applying for interrogatories or advice must enclose return stamps to need attention.

(W Thn attending pb. stellan will be found at the Institution for consultation, from P. A. M. to 9 P. M. of each day. Sundays in the foreneon.

Address.

Physician to the Troy Long and Hygienic Institution and Physician for diseases of the Heart, Throat, and Lungs, 98 Fifth street, Troy, N. Y. TO PEMALES. MRS. DOCTRESS STONE,

The Conet.—The new comet, which has been for some time in the vicinity of the northern celostial pole, is now rapilly decetaling to the ecliptic, traversing the arctic constellations by ing northward of Leo end Cancer. It is readly discarnible by the naked eye, and is distinguishable at present by its nebulous aspect. A Lelescope of moderate power reveals the existence of a tail of several degrees' length. The following parabolic elements of its orbit, computed by Mr. Salfard, of the Canibridge Observatory, give Important information of its future career while it remains visible in our skies:

ich officers to be true and faithful to the State of Keutucky without being also true and faithful to the "UNITED STATES," It is forgotten that the Constitution of Ken-

tucky is indissolubly connected and interwoven necessary governmental power; and that, much that, if the Federal Constitution were subverted, the State Government, as now orga i ed, would be wholly incompetent for some of the most important functions of gov-

It is forgotten that the oath to be taken by the officers and privates of the State Guard and Home Guard is to support the Constitution of the United States, and not to support the Constitution of the Confederate States, which Constitution is itself naconstitutional. It is forgotten that the Constitution of the United States declares itself to "be the supreme I was the bind," and declares that the 'judges in every State shall be bound thereby, anything in the Constitution or laws of any State

It is forgotten that the "LAND" here referred ence to Northern, Southern, Eastern, or Western State lines and limits; that an oath to support this Constitution is to support it as the preme law of the whole undivided land; that the Constitution knows no North, no South, no East, no West; that it makes no reference to the four quarters of the compass, and that it organizes one complete General Government an "e pluribus unum"-many States constitaling, for federal purposes, one federal whole. ing in the country between the Government of the United States, as represented by contional compact, is not a strife between the is not to be viewed as a contest between a rping administration on one side and certry, seeking a place in her councils only the tain loyal States on the other. It is a strife between the Government of the country repreand certain treasonable States that are strainus see where the game of ad copt indum will ing every nervo to spoil the symmetry and balances of the Constitution, to rob the nation of We are all the time receiving letters coln Administration? some of its most cherished commercial and from the best and most engacious Union men proprietary rights, and to blot the United throughout the State, all of whom assure us, States from the map of nations.

It is believed nearly half of the people in and about Frederick are disunionists and their cause has gained ground since the Legislature came together. The Union men are in fear of Johnston's force, whose pickets, thrown out from the Peint of Rocks, come within three miles of Frederick, which the whole army can be transcrete in of Rocks, come within three miles of Preserves, to which the whole army can be transported in two or three hours. Arrived there, it would be within five hours of Baltimore. The sympathies in Maryland are shown by the fact that they have armed and fed rebel troops, Virginia having furnished but faw supplies. If these fact true i is high time Government posted trong body of troops at Frederick.

From another source we learn that 300 of a abel regiment of 700 encamped opposite Wiliamsport, have deserted.

thing! The other occasion was that of Lieut.

Other of the Engineers, who volunteered to galpulling the enemy sline, in front of both armies,
and count their sones; and so close did he go that
to until have been shot a hundred time. One
of the efficers of the enemy, doubless thinking had some communication to make, rode out to bot him. Blake, however, paid no attention to a had rode (B. and then returned and reported Thus stood those two belligerent armies, face o face. What were the feelings of those thousand: He we many thoughts and fears were reasoled into those few moments. Eook at oor see, a clammy sweat is settled all over faces lied by pile, not from coveredly foar, but from

there's a clammy sweat is settled all over faces slip! If pile, not from cowardly foar, but from an awful sense of peril, combined with a determination in the original of the combined with a determination in the original of the combined with a determination in the free doubt of their fate, and console themselves with the relation that whatever may befail them they will act with honor; these are the moments when the absolute coward suffors more than death—wher, if not cortain he would be shet in his tracks, he wild turn end floe. Fighting is very hard work, the man who has passed through a two hours' fight has lived through a great amount of mental and physical labor. At the end of a battle talways found that I had perspired so profusely as to wet through all my thick woulden clothing, and when I had get cool. I was as sore as if I had be entire and over with a club. When the balle contained the feelings undergo a change. Reader, c'd you ever see your house on fire? If so, it was then you ment over places, climbed ever walls, I tell heavy loads, which you never could have do but your color mements: you then have experienced some of the excitement of a soldier in bottle. I always knew my danger—that at any mement I was table to be killed, yet such we are criticement that I nover fully realized it. All and are not alike, some are cole; some are perspice of the profuse of the profuse of the profuse of the profuse of the cole, we are perspicable will or except of the profuse of the profuse of the profuse of the profuse of the will realized it. All contains the profuse of the realized with be would turn end foe. Fighting is very hard work; the man who has passed through at whours fight has lived through a great amount of meetal and physical labor. At the end of a battle abundance found that had perspired so profusely as to wet through all my link woulden clothing, and when I had get cool, I wassa sore as if I had hen beaten all over with a club. When the battle commences the feelings undergo a change, Rose, it was then you readen into great danger; it was then you wert eaver piace. climbed over walls, I lied heavy loads, which you nover could have a soldier in bottle. Liways knew my danger—that at any mount I was fable to be killed, yet such wesen or corticement that I mover fully readized it.

All seen are not allow some are cool; some are perfectly the wall or may chert earth of a soldier in bottle. Liways knew my danger—that at any mount I was fable to be killed, yet such wesen or corticement that I mover fully readized it.

All seen are not allow some are cool; some are perfectly wald or cray; chers at a so prostrated with the comment of the covert places, awful by lebeld they tremble like an pen, slink he's diches and covert places, and all with the diches and covert places, and all was a remarkable to see the coolness of pursues.

As the two armies were facing each offer, it was remarkable to see the coolness of pursues. As the two armies were facing each offer, it was remarkable to see the coolness of pursues. As the two armies are not allow the fall with the strick of the card, and talk, and should all the comment of the proposition of the coolness of pursues. As the two armies are not allow the solution of the cool of the coolness of pursues. The cool of the coolness of pursues are provided to every emotion but the representation of the pursue of the pursues of the p cian says of it: Washers Springs, Perry county, Ya...)

Prog. Weon; Deer Sim-1 was induced, mose that a year ago, to try your valuable Hair E. at rative, for the purpose of ciosusing my head of dundratf. I had coffee dwith the upon my head (or wears, and had never here.) in tabout us in all directions -- soma went over ir heads, ethers struck the ground in bon 1 und

Page Ween. Dear Siruch the ground its fron 1 and bounded way.

It as batteries now went to work, and potteet in upon thom a perfect storm of iron. Lieuwan nt Churchill and his men began with their eightean to unders, and, when the first was hired, it used a pounders, and, when the first was hired, it used a more about report that our mer gave a sportaneous shout, which seemed to hispire us with renewed considence. I could hear every word the lieutenant said to his men. When the first shot was fired, he watched the hall, saying. Too high, men. try another "—too low, mee, try regair—the third time is the charm" The thirt shot was fired, and I saw with my own eyes the droadful effect of that and the following shots. That's it, my hoys," shouted Churchill, jumping up about two feel; "you have them now keep a, that," and so they did, and every shot they stood it manfully. The full cherus of battle now raged; twenty-three pieces of artillery wort vary try our vale as a year ago, to try your vale as year ago, to try your vale as year ago, to try your vale approach of its a year ago, to try your vale approach of its a year ago, to try your vale approach of its a year ago, to try your vale approach of its a year ago, to try your vale approach of its a year ago, to try your vale approach of its a year ago, to try your vale approach to the proposed ciosan ing my head of although I had tit upoun in the industry and although I had tit upoun my head of although I had tit upoun in the industry and although I had tit upoun in the industry and although I had tit upoun in the industry head of the year as popular. The time is the out and although it is a perfect to its a year ago, to try your vale approach to the year approach it is a year ago, to try your alternant to the titue of the was the first and the titue of although I had tit upoun my head of although I had tit upoun my head of although I had to make the first shot be the before for their iron hall.

We were ordered to lie down in the grass to avoid the shot; this puzzled the enemy, and they could not bring their guns to lear upon us, making our loss very small. Many were the narrow left side. The force of the shot was tremedual a hiros body was no obstacle at all; a man's leg, was a mere pipe stem. I watched the shot as it struck the rows of the grass, and it was sometishing how the dust flew. In about an hear the yrass cament on fire, and the clouds of sometishing how the dust flew. In about an hear the yrass cament on fire, and the clouds of sometishing how the dust flew. In about an hear they are shut out the coposing armies from view.

In about an hear they are the clouds of sometishing how the dust flew. In about an hear they are shut out the coposing armies from view.

In about an hear they are the clouds of sometishing how the dust flew. In about an hear they are shut out the coposing armies from view.

In the obscurity the enemy changed their line, and the cighteen pannders, supported by our registed, following directioners and the cight enemy of the coposing armies from view.

In the grass, and as man from our registed, a six pand shot carried away the lewer jaw of Capt. Pags, and then took off a man's head on the right, as uses a as with a kinfe. The blood of poor large was the first blood I saw; he was knocked down in the grass, and as he endeavored to raise in many and the strick of the presented such a ghastly spectacle that a sickly, fainting eensalion came over me, and the memory of that night I shall carry with me to my dying day. A little lator, Major Ringold was userfully wounded at his battery; I saw him just after it. The shot had form away a purtion of the flesh of his this, he is that days and the proposition of the flesh of his this, he is that days and the proposition of the flesh of his this, he is that days and the proposition of the flesh of his this, he is that days and the proposition of the flesh of his this, he is that days and the proposit gust after it. The shot had torn away a portion of the flesh of his thighs; its force was tremendens, cutting off both his pistole at the locks, and also the withers of his horse—a splendid steed, which was killed to relieve him of his misery. The encury tried herd, but without avail, to hit our eighteen pounders. The battle continued until night put an end to the scene. We hive unacked there we were available on our arms; we slent.

lansa clouds of smoke and dust, with their tork of chirts and naked arms, yelling at every shot they made, reminded me of a hand of demons they made, reminded me of a hand of demons after a tew weeks' trial, turned into a dark frown, at the same time Leantity as and thickening the hair. over in marching, it is necessary that a straight line should be preserved, or allowances made for curves and deviations. The military pieco is two feet six inche; therefore, by keeping an account of the number of steps taken in a minute, we arrive at the space travelled in one hour, or in the state of perfectly accurate in measuring the space volled over, it is yet worthy of recollection by diers end travellers.

ervail n, it has been ascertained that the movements of men can be seen at a distance of feet, but neither the head, arms, nor this are distinguishable at that distance. At

The Dog and the Baby.—A bright New York baby, just beginning to talk, was very observant of all that pessed eround her. She saw a gentleman with a dog enter a house on the opposite side of the street. He shut the door, and left the dog without, whe by various canine movements of 114 Market street, St. Lonis; 444 Broadway, New York. erratching and whining manifested painful impa-tience. Moved by his desertion and complaining, she thrust her small face through the bars of her nursery window and cried in a clear earnest tone, 'fag e bell, doggie, lng e bell." The Japanese Tycoon Matrimonially sacrificed. The Tycoon was married on the 1th of March to

the lovely, heartiful, end accomplished only drachter of the Mikada, the Spiritual Emperor of the Empire. The Tyc on is four menths the solid of the first the former being eighteen a dirch. He knowember, and the latter eighteen a dirch. He is entitled to sleven more wives, or meschas, according to the laws of the realm.
